

HUMANE SOCIETY of CANADA

Protecting Animals and the Earth

The Humane Society of Canada (HSC) is a registered Canadian Charitable organization (BN 13730 3343 RR0001) and relies entirely on donations to support our programs. All donations are gratefully acknowledged with a receipt for income tax purposes. Please contact us for information about how you can help the animals through your Last Will and Testament or other planned giving methods. We work to protect dogs, cats, rabbits, birds, horses, livestock, lab animals, wildlife and the environment. We carry out hands-on programs to protect animals and nature, mount rescue missions, expose cruelty through hard hitting undercover investigations, work to pass laws to protect animals and the environment, fund non-invasive scientific research, support shelters and wildlife rehabilitation centres and have ongoing humane education and public information campaigns. The HSC team of experts and mission specialists are some of the most professional and dedicated women and men in the world. During the last 40 years they have worked here in Canada and in over 100 countries protecting animals and the earth.

We can be a secure and confidential one-stop resource for those who are interested in charitable estate, gift and tax planning here in Canada or in other parts of the world.

We may be able to provide examples of situations where we have helped people who may have a legal or financial situation that is similar to one of your clients. We will give answers to all your questions in a timely comprehensive fashion. There is no charge for this service.
